

The Baddest Angel Band

By JEROME McDONOUGH

Teen angels... Cherry, Spir and Angelina are about to be expelled from Angel School for playing frisbee with the teacher's halo and for insisting that thunder is caused by angel burps, among other pranks. They have only one chance to redeem themselves: they must find something worth saving on the "crummiest planet anywhere"... Earth. This hilarious thought-provoking play will be a high point in your Christmas season and a fun project for all.
